### LET'S BUILD COMMON PLATFORM

This "Threefold Sacred Day" is the most significant and auspicious day for the Buddhist world, since Siddhattha Gotama was born at Lumbini Park in Nepal, attained supreme enlightenment, became the Buddha at Uruvela Forest near Gaya in India, passed into Parinibbana (final Demise) at Sala Forest in Uttaraparadesh of India. These three great events were taken place on this very full-moon day of May.

After His enlightenment, He lived for forty-five years as a Buddha, within 45 years the Buddha taught only the Dhamma. Dhamma is a system to learn, to practice, to train, to understand for those who are keen to turn new leaves of life, and to convert from evil to noble. Dhamma is all mighty way to solve the problem of mankind.

The message of the Buddha is to be absolutely tolerant. Intolerance is the most important issue for all religions. The Buddha advised His disciples not to become angry, not to be discontented, even not be displeased when others spoke of ill Him and His teaching. "If you show displeasure, you will only bring yourself into dangers of spiritual loss".

Another one of His profound message is to exercise the loving-kindness to every living being making no distinction in whosoever. He clearly stated that loving-Kindness and tolerant, are called a common platform to walk on together for the human being are the foundation for the brotherhood spirit of all nations or all religions. This universal brotherhood spirit of loving – kindness , boundless compassion and great tolerance will break down all barriers separating one nation from another.

So, we all religious leaders try to build the common problems of all nations we should build a common platform to walk on together. These are our common platform with the thought of selflessness, the thought of compassion, the thought of tolerance and the thought of right understanding and let's extend the loving kindness to each other to become a peaceful world.
