Message from

His Holiness Supreme Patriarch Sanghanayaka  
Supreme Sangha Mahanikaya of Bangladesh.

It gives me immense pleasure to know that 8<sup>th</sup> United Nations Day Vesak 2011 & International conference on Buddhism are being hosted by Mahachulalongrajavidyalaya University, Thailand on and from 11 to 15 May 2554/2011 under the patronage of the supreme Sangha Council and the Royal Government of the Kingdom of Thailand on behalf of the members of Bangladesh Buddhist Community and as Supreme Patriarch of Supreme Sangha Mahanikaya of Bangladesh on my behalf I convey my thanks and gratitude and that Bangladesh Bouddha Bhikkhu Mahasabha (ESTD:1753).

I have also come to know that this year academic conference theme is "Buddhist Virtues in Socio-economic Development". Global situation specially in perspective of peace, and climate change is alarming. Buddhists and Buddhism of the world have lot of things to do.

The world Buddhist leaders have the responsibility to approach the national leaders of all nations of the world to be more concerned about peace and climate change also about economic and social development. Buddha's universal loving kindness and compassion can protect the human beings and all sentient beings leaders to understand five moral codes i.e, refrain from killing, refrain from stealing others properties; refrain from sexual misconduct; refrain from telling a lie and refrain from taking intoxicants.

The inherent message of the five moral codes should reach to each and every one of the world as a message through the United Nations organizations for peace and stability of the world in all respects.

Buddha said, "Hatred can't be ceased by hatred, it may be appeased by Love alone". It is the eternal law and universal message of the Buddha. Through this great conference the above message, I hope, will be communicated to each and every one of the world will be peaceful in the days to come.

I hope the conference a great success.

May the blessings of the great Triple gem be on all.
