UNITED NATIONS DAY OF VESAK CELEBRATIONS

Thailand is again hosting the celebration of the Birth, Enlightenment and Passing of the Sakyamuni Buddha. Buddhists from the world over including the United Kingdom will be in Ayutthaya and Bangkok to mark the auspicious dates.

Like Thailand, the United Kingdom is a place where there is freedom of worship and we take joy in the celebrations of our diverse communities.

We hope that the event is a great success and that the gathering of so many learned people will be rewarding and offer insights on global issues.

Our thanks and appreciation go out to Mahachulalongkornrajavidyalaya University to allow us this opportunity to express our best wishes.
